Job introduction / message	The goal of Central Japan's founding is "A company where women can play an active role in the true sense of the word" Is to become. It's easy to say and difficult to do, and you know the security industry There are also sites that can only be done by men for security reasons There are many, but what kind of work does a woman do? It's suitable for clients How do you recognize it, the job of security is Always thinking about how to shine I have been working on it every day. In addition, there are people in the family who need long-term care to work. I don't have free time, even if I want to work It takes time to raise and educate children and cannot work, etc. I have experienced the difficulty of balancing. It's not easy, Work that can be enjoyed even in such an environment All employees will value what they are aiming for.
