Job introduction / message	Simx is looking for traffic guidance security staff. Please guide related vehicles not only on roads and construction sites, but also in various places such as store parking lots and event venues. Not to mention the security guidance technology, please work with confidence so that our customers can use it comfortably and safely. Those who want to challenge security guards from different industries and inexperienced at SIMX are also welcome. Simx is confident in nurturing security professionals. Why don't you take on the challenging task of protecting people's safety and security, which is hard to find in other industries? For motivated people, we are waiting for you to create a challenging environment. In order to concentrate on work with peace of mind, not only legal education but also other field training, information training, ordinary lifesaving training and field training, etiquette training, consideration for local residents, thorough training is carried out to raise the elite of security. I am. Our goal is to build a system where we can always do our best by providing counseling in our daily life. The security industry is often borne by education, and it is no exaggeration to say that it is an "education industry" that begins and ends with education. Simx is convinced that it is truly necessary, regardless of size, to "dedicate to discipline and education and strive to create people" toward the future. The entire company is making efforts to strengthen training.
